FOREWORD

This Foreword is intended to assist the reader in understanding the interpreting the comprehensive zoning by-law of the Township of Manitouwadge. The Foreword does not form part of the Zoning By-law.

I. OVERVIEW OF THE COMPREHENSIVE ZONING BY-LAW

By-law No. xx-xx is a new Comprehensive Zoning By-law for the Township of Manitouwadge. It replaces the Township's existing Zoning By-law No. 87-25 and all subsequent amendments to By-law No. 87-25.

A Comprehensive Zoning By-law, or simply "Zoning By-law" is a detailed municipal by-law that regulates the types of land uses and activities that may occur on a property or within buildings; and the height, location, massing and character of buildings and structures.

The specific matters that may be regulated by a Zoning By-law are outlined in Section 34 of the Ontario Planning Act. Zoning By-laws are used by municipalities in Ontario to manage land use compatibility and manage the character and appearance of neighbourhoods and communities. Zoning By-laws are also prepared to implement the policies of a Township's Official Plan, which establishes goals and policies respecting the types of permitted land uses and desired built form within different geographic areas of the Township. The Zoning By-law is used to translate these policies into more specific permitted land uses, and requirements for lot and buildings by establishing zone categories and regulations which apply to all lands in the Township.

It is important to refer to the Official Plan Maps - Schedules, A, B and C - when making zoning decisions.

A Zoning By-law is primarily implemented through the Building Permit application process. Where a property owner or occupant wishes to construct something on their property, and applies for a Building Permit, the proposal must conform to the provisions of the Zoning By-law. If the proposal does not conform to the Zoning By-law, the applicant can:

- a) apply for a minor variance to seek relief from the provisions of the Zoning By-law;
- b) apply for a rezoning (Zoning By-law Amendment) to change their zone or seek major relief from the provisions of the Zoning By-law; or
- c) the applicant can re-work their proposal so that it complies with the Zoning By-law.

II. HOW TO USE THE COMPREHENSIVE ZONING BY-LAW

Section 1 – Interpretation and Administration

This section 1 of this Zoning By-law, sometimes referred to herein as “By-law” establishes, among other matters, that the By-law applies to all lands in the Township of Manitouwadge and that no land shall be used and no building or structure shall be used, erected, altered, or enlarged except in conformity with the By-law. It also establishes that the By-law shall come into full force and effect as of the date of its passing by the Council if there are no objections or upon approval by the Ontario Land Tribunal (OLT), as may be modified by the OLT if there are objections.

The Zoning By-law must conform to the intent of the policies of the Official Plan and be consistent with the Provincial Policy Statement.

Section 2 – Definitions

This section provides a list of definitions that apply to this By-law.

Section 3 – Zones and Zoning Maps

This section establishes that the Zone Maps comprising Schedules "A" and “B” are part of the By-law, and that the Zone Maps are divided into a number of zones. Section 2 also provides for the manner of interpreting zone boundaries. The Official Plan Schedules A, B and C must also be consulted, and be considered an overlay to the Zoning Maps.

Section 4 – General Provisions

This section applies to specific uses that apply to all land use zones within this By-law. It describes regulations for specific uses such as, for example, accessory uses or home occupation.

Sections 5 to 18 – Land Use Zones

Section 5 through Section 18 set out the specific land use zones of the By-law. For each zone there is a listing of permitted main uses, permitted accessory uses, and a number of zone regulations including 'minimum lot size; minimum lot frontage; maximum lot coverage; maximum height; and minimum front, side and rear yards.

III. AUTHORITY TO PREPARE THIS BY-LAW

The Zoning By-law is prepared in accordance with Section 34 of the Planning Act. Generally speaking, the Planning Act allows the Township of Manitouwadge to pass zoning by-laws to restrict the use of land, and to regulate the size, location and character of buildings and structures within the Township.

IV. TECHNICAL REVISIONS TO THE ZONING BY-LAW

Revisions may be made to this Zoning By-law without the need for a zoning by-law amendment for technical reasons, including:

1. correction of numbering, cross-referencing, grammar, punctuation or typographical errors or revisions to format in a manner that does not change the intent of the By-law;
2. adding or revising technical information on maps or schedules that does not affect the zoning of lands including, but not limited to, matters such as updating and correcting infrastructure information, keys, legends or title blocks; and
3. changes to appendices, footnotes, headings, indices, marginal notes, tables of contents, illustrations, historical or reference information, page numbering, footers and headers, which do not form a part of this by-law and are editorially inserted for convenience or reference only.

V. SUBSEQUENT ZONING BY-LAW AMENDMENTS

Applications to change or amend the By-law may be made at any time. All such amendments, however, must be in conformity with the Township of Manitouwadge Official Plan and must receive approval from Council.

The Zoning By-law may be consolidated from time to time to include subsequent amendments to the Zoning By-law. However, there may have been amendments to the Zoning By-law (both text and mapping) or removals or additions of holding symbols which are not consolidated in the current office consolidation of the Zoning By-law. In all cases, the reader should contact the zoning administrator to confirm the most current zoning of a property and applicable regulations. Additionally, the maps contained in Schedules “A” and “B” may not reflect the latest zoning, or any recent changes to the parcel fabric, which may not have been updated in the most recent Zoning By-law consolidation.

VI. MINOR VARIANCES

The Council has the authority to approve minor variances to the Zoning By-law, which may provide minor relief from specific zoning provisions or minor changes to the permitted uses of one or more properties. Minor variances previously granted are not reflected in the Zoning By-law. The reader should contact the Township of Manitouwadge to identify whether there are any approved minor variances applicable to a property.

SECTION 1 - INTERPRETATION AND ADMINISTRATION

This by-law shall be known and may be cited as the “Township of Manitouwadge Zoning By-law”, or “Zoning By-law”, or this “By-law”. The term “Municipality” may be interchanged with “Township”.

1.2 APPLICATION

The provisions of this Zoning By-law shall apply to all lands within the boundaries of the Corporation of the Township of Manitouwadge as now or hereafter are legally constituted.

1.3 SCOPE

No lands shall be used and no buildings or structures shall be erected, altered, enlarged or used within the Township of Manitouwadge except in conformity with the provisions and conformity of this By-law. From the coming into force of this By-law, all previous by-laws passed under the Planning Act or a predecessor thereof, shall be deemed to have been repealed except to the extent that any of the said By-laws prohibits the use of any land, building or structure for a purpose that is also prohibited by this By-law.

1.11 COMPLIANCE WITH OTHER BY-LAWS AND LAWS

Nothing in this By-law shall serve to relieve any person from the obligation to comply with the requirements of any by-law of the Township in force from time to time or the obligation to obtain any licence, permit, authority or approval required under any by-Law of the Township.

When the regulations or requirement of any department or office of government impose a greater restriction than the provisions imposed by this By-law, the greater restrictions shall apply.

All references to statutes or regulations of Government of Canada or the Province of Ontario, or to any other Municipal By-Law, shall be deemed to mean reference to that statute, regulation or By-Law as amended or replaced.

1.12 VALIDITY

Should any section, clause or provision of this By-law be held by a court of competent jurisdiction to be invalid, the validity of the remainder of the By-law shall not be affected.

1.13 CONTINUATION OF PROSECUTION FOLLOWING REPEAL

The passage of this By-law shall not affect the right of the Township of Manitouwadge to prosecute any violation of the previous by-law, if the violation occurred while such previous by-law was in effect
